

DESIGN AND CONSTRUCTION ACCESSIBILITY TRAINING

Date: April 8, 2019
Time: 8:30AM - 2PM
Location: Stoney Creek Hotel and Conference Center
2601 S Providence Road
Columbia, MO 65203

Wallace Architects will be hosting an accessibility seminar in April. Our entire Wallace technical team will be in attendance and would like to invite Developers, Contractors and Consultants that we work with to attend as well. Cost of the seminar and lunch is on us!

Topics being covered include:

- Overview of Section 504, ADA, and Fair Housing Accessibility, and items to consider for new properties vs rehab properties.
- The Department of Justice's New Accessibility Initiative and how it is going to affect State Housing Finance Agencies' future QAP's.
- The latest U.S. Department of Justice, HUD, and Advocate Group Accessibility Enforcement Actions and Settlements
- 4hrs + question and answer session regarding technical design/construction issues with the accessibility experts of E&A. We will get into the nuts and bolts of and common multi-family housing design and construction errors and solutions.

RSVP to ashleym@wallacearchitects.com by April 1st to reserve your spot!

Concrete Leveling Solutions

AIA Mid- Missouri chapter members were educated about "concrete slab jacking" as an alternative to concrete removal and replacement. Dave McClallen, of [Concrete Solutions DMC](#), presented a program about leveling existing concrete in place. Experts in lifting and leveling sidewalks, patios, driveways, and other concrete slabs.
