ARCHITECTS L.L.C.

Don't miss out!

"Better Results Through A Team Approach"

As the Architect of Record on over 460 senior housing and multi-family developments, Wallace Architects, LLC is committed to being at the leading edge of accessibility design. As a show of support, Wallace Architects will be co-sponsoring the 2019 KHA Accessibility Training Session on November 5th.

During this day long course, Architects, Contractors and Developers will be able to complete the required training for the 2020 Kansas LIHTC application round. We encourage you to join us for this important compliance training session.

For more information and registration information go to: [KHA Accessibility Training Session 2019](#)

Employee Spotlight - Earnie Fields

Ranken College sponsors the program STL.works. STL.Works is highlighting the paths and resources available to individuals to help them get the jobs they want and the futures they deserve.

Earnie Fields, a Ranken Technical College graduate is now a full time Drafting Technician at Wallace Architects. Earnie has set a plan for herself to work towards her master's degree and be promoted within Wallace Architects. Earnie has been a valuable addition to the Wallace Team since day one and we look forward to watching her grow in her career at Wallace Architects.
